

Wiltshire
Air Ambulance

funded by you, flying for you

Grants and Trusts

Grant-Making Charitable Trusts and Foundations make a vital difference to our work. Over the years Trusts have supported us in a variety of ways by funding:

- Specific services or projects
- Salary costs
- Equipment costs

Many also choose to award us an unrestricted grant to allocate to whichever area of our work needs it most. In some instances grants are made over a number of years, this is fantastic for Wiltshire Air Ambulance, and greatly appreciated. Longer-term commitments ensure a sustainable future for our services, and allow us to plan effectively for the future.

If you are a Trustee or representative of such an organisation, and would like to discuss how you may be able to help us, please get in touch with our charity team. We would be delighted to arrange a tour of our new airbase at Outmarsh in Semington, or discuss our needs with you over the phone.

Meeting the crew and seeing the lifesaving helicopter and its equipment first hand really is the best way to get a true understanding of the range of vital services we provide to the people of Wiltshire, as well as the major issues involved with funding the service. A copy of our latest audited accounts can be found overleaf.

Thank you to all the Grant-Making Trusts whose generosity has enabled the Wiltshire Air Ambulance to continue flying.
